State Process

Pennsylvania

Emergency

Incident

Reporting

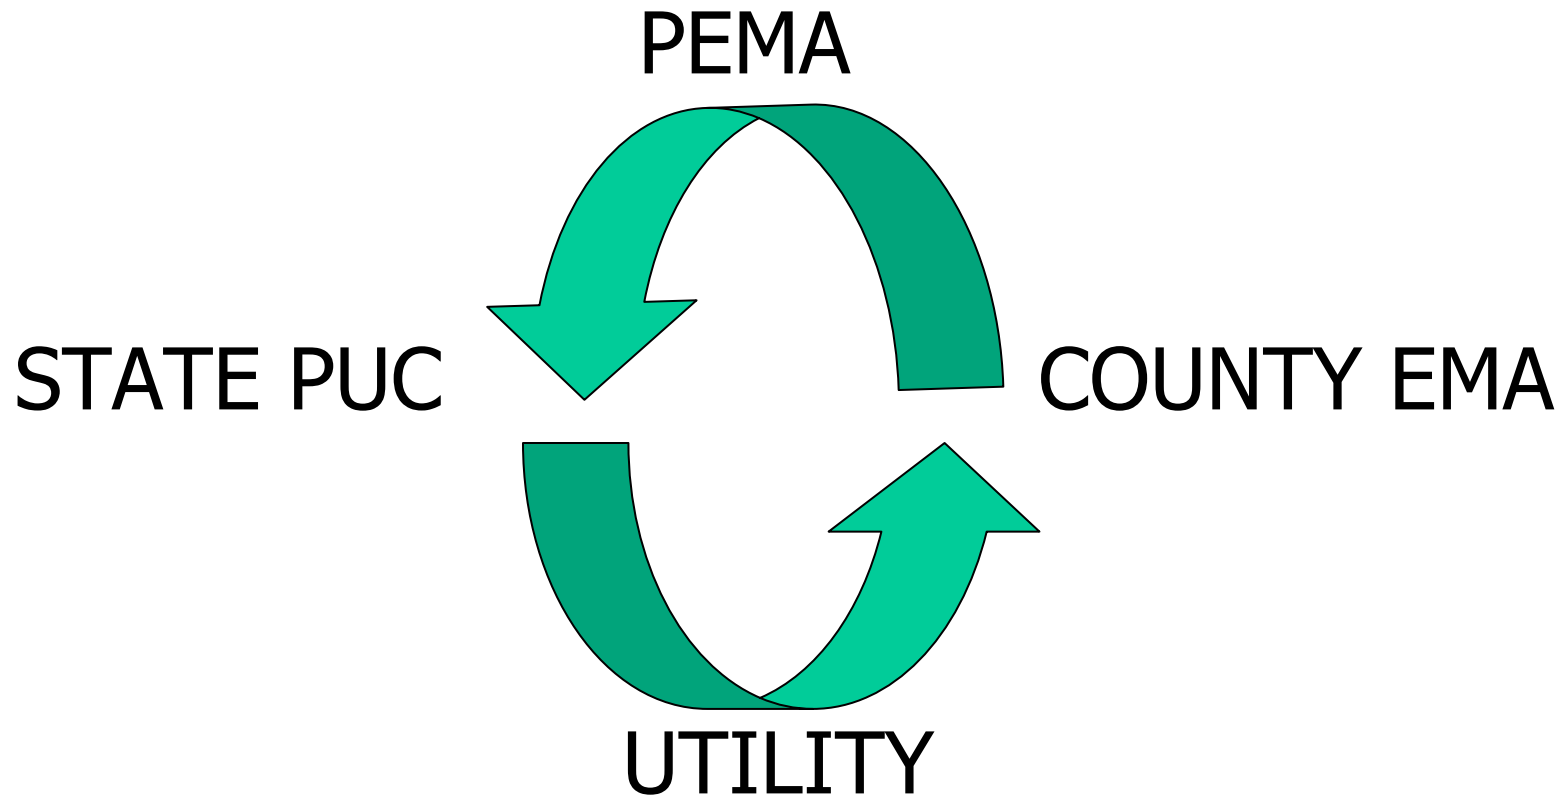

System

PEIRS

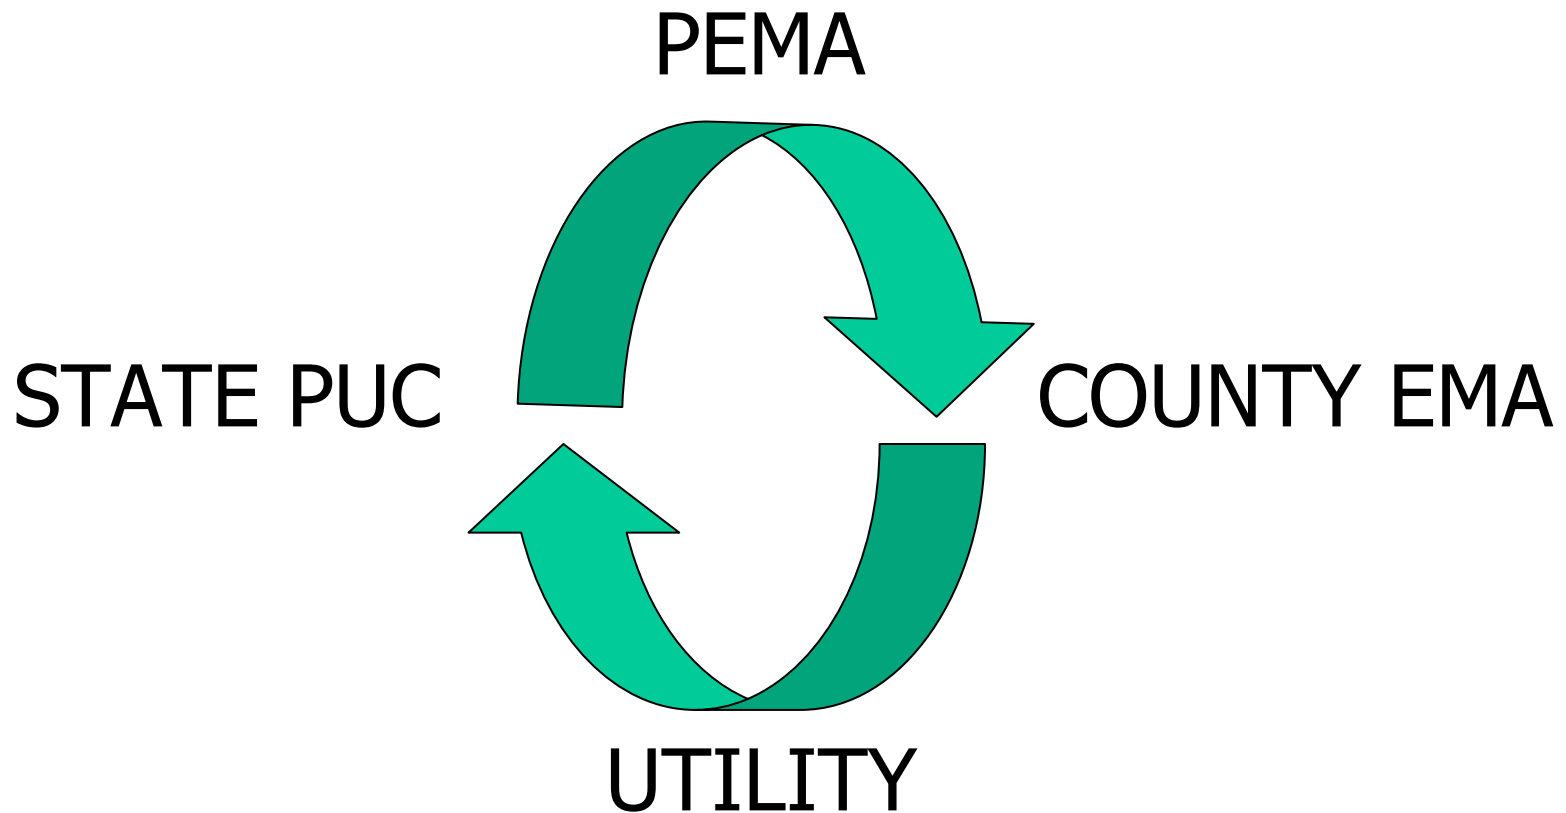

PEIRS

- Establishes standard criteria for reporting incidents
- Field guide to assist reporting of incidents
- Communication channels for resource support

EMERGENCY COMMUNICATIONS NEED

EMERGENCY COMMUNICATIONS RESPONSE

Need to Know

- How many people affected?
- Number of trouble locations?
- Reason for the incident?
- How soon will it be repaired?
- Situation changes since last report?
- Any unmet needs

Disaster Response

- Regulations are waived upon request
- Resources mobilized from many areas
- Emergency declarations are issued to access funds and control incident area
- The incident is worked until all needs are met
